Our Founder

Inspired by his own academic Journey and accomplishments of gaining India's most competitive and superior qualifications of B.E. E&TC, IES, IRS Mr Manoj Patil founded M.B Patil Education to help students smoothly manoeuvre through the complexities of the education Industry.

He started his career, but his profound love for academic teaching and guiding students pursuing engineering, along with his passion for crafting career paths, made him enter the field of career counselling. Since 2005, he has strived to assist as many students as possible with his expert guidance and vast knowledge of education trends and top universities.

His decades of experience in counseling more than 55,000 students and helping them fulfill their academic aspirations earned him a place in the select pool of India's most successful education consultants. His devotion to helping students curate a career is what sets M.B. Patil Education apart from other institutions.

Why Counselling?

MEDICAL, ENGINEERING, ARCHITECTURE, AGRICULTURE, PHARMACY, MBA, BBA whichever stream you opt for career planning is essential through expert career counselling. Factors like self efficacy, life satisfaction, happiness are co-related to job satisfaction; therefore career counselling becomes more important than any other form of counselling. Career counselling and guidance is required on the part of students due to ignorance of personal abilities and potentials, parental pressure and multiple career options which may create confusion in their minds.

We redirect the students towards their goals through professional orientation and encourage them towards a satisfactory career without falling prey to peer pressure and popularity of the subjects that pushes them to opt for such courses. 12th Is the basis for opting for the right goal in life. Our team at M.B. Patil Education guides the students in mapping the entire pathway to the goal.

MEDICAL ENGINEERING, ARCHITECTURE, AGRICULTURE, PHARMACY, MBA, BBA whichever path they choose one must necessarily match their personality, interests, skills and abilities. For this, students should be enlightened with their personal strengths and weaknesses which cannot be discovered without proper consultation, guidance and support.
